Music is permitted for ceremonies with standard-sized instruments. A piano or organ may not be brought into any building. The Town of Stonington mandates that all music at outdoor locations must end by 10 p.m. If a band requires amplification, the volume must be kept to a minimum, no louder than 86 db. Mystic Seaport Museum security officers will have final authority when there is a question of excessive volume or inappropriate lyrics; the Museum reserves the right to terminate music privileges at any time. Any refunds due the entertainer as a result of such a termination will be the responsibility of the hosting group.

## NOT PERMITTED

No rice, confetti, flower petals or other materials may be thrown on the grounds, in any building, or in any facility. Fire-lit candle luminaries and balloons are not permitted on the grounds (battery-operated candle luminaries are permitted). Nothing may be tacked or taped to the walls of any building. Strings of Christmas lights, twinkle lights, or miniature globe lights may be hung at the Boat Shed. If the vendor or the client hangs strings of lights, it is the responsibility of the vendor or the client to remove them immediately after the event. Please make arrangements with Lancer to coordinate the setup and removal of these items.

The privilege to have photographs or videos taken on Mystic Seaport Museum grounds for personal use only is granted to wedding party members as part of the wedding package, under certain guidelines:

The photography shoot on Museum grounds should not last more than one hour.

A Museum or Constellation staff member must accompany the wedding party and/or photographer while on Museum grounds.

Wedding photography may not take place inside exhibits or on board any of the ships, including the gangways. Violators will be escorted off the vessel or out of the exhibit by Security. No alcohol is permitted during the photoshoot. Violation of this policy could result in the vendor losing the privilege to photograph on Museum grounds for future events.

No commercial use is to be made of photos or videos taken by any of the parties without prior written permission from Mystic Seaport Museum.

Drone photography is not permitted.

The following are the approved locations for wedding photography: Lighthouse Point; the wharf in front of the Charles W. ### INFORMATION ABOUT BRILLIANT DOCK ADJACENT TO LIGHTHOUSE POINT CEREMONY LOCATION

Lighthouse Point (Brilliant Dock) cannot be reserved, however if Brilliant is not docked and the slip is open please be informed: Mystic Bridge opens at 45 past the hour, docking typically happens 5:45-5:55; If there is a conflict, Boater will be informed of ceremony and asked to avoid ceremony time – most boaters are amenable to delay docking until ceremony has concluded. An emergency situation supersedes everything, but MSM dock hands are trained and skilled at doing things efficiently and are mindful of other events.

### DOCK SHARING ETIQUETTE

In the event the party is unable to reserve or chooses not to reserve dock space, please review dock sharing etiquette.

If a boat is docked, common courtesy is expected between both parties. Docks are 12' wide – party goers would be expected to be courteous to boat owners and yield the 6 feet closest to the boat.
